ARMY LENT AID TO GREAT WAR PICTURE, "BIRTH OF A NATION"

The Birth of a Nation, now at the course of the clover leaf passanger train No. 5, were blown from the track five miles said of the by a cyclone Wednesday. Twenty-secon pussengers were on barrel the train. Note was seriously instituted by the cyclone, and men cooperating with him to the fullest extent. Every piece of artillery used in the battle scenes, for instance, was leaned by the ordinance department of the army and had seen actual sorvice in the civil was. Army engineers assisted in surveying, laying out and recomstructing to the smallest detail the barriafied of Petersburg. Clerks in the war department for Washington assisted Griffith's own corps of investigators in gathering the data baccassary for the exict production of the civil was and reconstruction menes. Them, when it came to the actual work of staging the mighty conflicts, Griffith simployed men who had seen military service, either in the regular army or in state militans, in the court house here to the prisoner attacked the deputies, shot one of the court house here to the prison of the court house here to the prison of the court house here to the prison of Crayston. The said, which one of them

TODAY'S AMUSEMENTS

The Wigwam today is showing 'The Serpent,' the latest William Fox phate play, featuring popular Thoda Bara. It is appealing and unusual, contains much that is humorous and has a surprise climax that leaves one gasping in astonishment. It is doubly attractive in its enactment from the fact that fascinating Treels has a role that adds another triumph to the long list of notable serson schievements she has scored. As Vania, the Ransian surf, who turns serpent and hares her fangs nasinst manking to average herself upon her betrayer, she is at her superb heat. Racil Walsh has added another masterpiece to his film accomplishments, the equal if not the superior of his other successes. Carpent' and Regeneration." These little bits of human interest business that have made him famous are interworm into this tale in a marvelously effective manner. The supporting cast includes James Marcus.

Nan Carter, Carl Harbaugh and George Walsh.

The Serpent" will be shown today

"THE PRICE OF HAPPINESS."

"LA PALOMA" AT THE BLIOU. PALOMA" AT THE BLOU.

"Lis Paloma," the Vitagraph company's second weekly release, will be
seen at the Bijou today, featuring that
becupitul actress. Mary Anderson. Tomorrow and Priday, two of the world's
greatest screen stars, will entertain the
Bijou patrons—Mary Fuller and CharThe Chaplin. Can you heat it, all in one
day? Don't fail to see this Mil.—Adv.

THREE GIRLS HURT WHEN THREE GIBLS HURT WHEN
MOTOR LOES THROUGH BRIDGE
Epichove, Wash, March 22.—Two Chirage artis and one from Elsin were ininted, but not seriously, when an autemobile in which they were riding
with five companions, went through
the ruling of the Mouroe street bridge
here early today. It fell 30 feet.
The girls, who are members of a
theatwiend chorus, were taken to their
hotels after they had been cared for
at the envirgency hospital.

furnishing coal, woold, charcoal, sulthing coal, mineral oil, fuel oil, required
at Southern Department posts, stations
and comps, during the fiscal year, beginging July 1, 1915.
Informations furnished upon application.

Diseases That Show In Your Face?

It matters not how little confidence we may have in our ability as mind readers, all of us by lifelong practice are face-readers. A considerable part of our attitude toward our fellows is determined by what we see in their faces. Most of us have become surprisingly accurate face-readers in regard to moral and emotional tendencies. And we also read just as well when the face indicates either internal or external diseases. The tense, drawn features indicates either internal or external distance of the many skin diseases, which speak only too plainly for themselves, because most, if not all skin diseases, show on the face sooner or later. Impure insportant and tone up the entire against the prime causes of disease. There-It matters not how little confi-|fore the blood should be nourished,

are the prime causes of disease. There- Swift Specific Company, Atlanta, Ga.

The "Barefoot" Tire-

7 HEN you take your Shoes off tonight do this: -Bear your weight on your right Foot and, without lifting it off the floor, press it forward and back-Then observe that only the bony and muscular Structure of your Foot moves forward and backward, while its Sole stays fixed on the

-and Why.

That demonstrates the rolling motion of flesh and muscle, the elastic Cushion quality which reduces friction in walking, and prevents

slipping (backward, forward, or sideways).
It supplies that CLING quality, which gives Traction without

It protects the Bones and Sinews of the Foot against the Wear and Tear of action, as a lubricant protects Metal moving parts, while providing the wonderful "Barefoot" hold on slippery surfaces.

That ROLLING MOTION, then, is the ideal aimedat in this Clingy. Springy, and Stretchy black "Barefoot" Rubber of 1916 Goodrich Tires.

ONSIDER now the means by which many Tires have been given maximum Traction,—i.e., by means of a "sand-papery" texture in the Rubber of their Anti-Skid Treads. Every time the Brakes are put on, to make such Tires grip the road, the relatively hard, unyielding, and comparatively brittle, texture of the Rubber in their Treads causes these Treads to grind away on the pavement, to WEAR OUT fast at the point of contact.

The sudden efficiency of their grinding-Traction also tugs so sharply on the Rubber Adhesive between the layers of Fabric in Tire as to separate these layers.

There is little "give" to them - just as there is little "slide" to So, they gain Traction at the expense of Mileage.

Naturally such Tires require a great BULK of such Rubber in order to deliver reasonable Mileage before worn out. And, therein they differ radically from GOODRICH "Barefoot"

Because, -the Safety-Tread on Goodrich Tires is made of "Barefoot-Rubber," a new, and exclusive compound which discards all un-necessary whitish "frictional" ingredients that are heaviest and inert, as proved by its lighter weight.

ERE is how it acts in Automobiling .-—When the weight of the Car bears on this clinging "Barefoot-Rubber" Tread, and the power is applied to go ahead or reverse, the wonderful stretch in the "Barefoot" Rubber Sole (or Tread) of the Goodrich Tire acts as a sort of Lubricant between the Fabric Structure of the Tire and the Road.

Then, the Barefoot-Rubber "Toes," of the Goodrich Safety-Tread Tire, CLING to the pavement (instead of grinding against it), in such manner as your Bare Foot would cling to a slippery surface without Grind, and so, with the minimum of Frictional Heat or Wear for maxi-

Goodrich 'Barefoot-Rubber' is now made into Goodrich FABRIC Tires, — Goodrich Silvertown Cord Tires, — Goodrich Inner Tubes, — Goodrich Truck Tires, —Goodrich Motor Cycle, and Bicycle, Tires, as well as into Goodrich Rubber Boots, Over-Shoes, Soles and Heels. Get a Sliver of it from your nearest Goodrich Branch, or Dealer.

Stretch it thousands of times, but break it you can't.
That's the Stuff that GOODRICH Black-Tread Tires are made of.

ARMOR PLATE BILL PASSED BY SENATE, GOES TO HOUSE

Washington, D. C., March 22,-The began consideration of the Tillman ar-

began counsideration of the Tillman armor plant bill, appropriating \$11,000,000
for a government armor plant, which
was passed by the senate late Tuesday
by a vote of 58 to 23.

Democratic senators supported the
bill solidly, resarding it as one of the
important measures included in the mational preparedness program now being
bastened to comulation. Nine Progresmic Republicans joined with the majority in voting for the bill. They were
senators Borah, Clapp, Cummins, Gronma, Kenyon, Norris, Poindexter, Sterling and Works.

Fassage of the measure in the house
is regarded as assured. Administration
leaders are planning to bring it up soon
after passage of the army, reorganization and immigration bills.

OFFER TO PAY EXPENSES OF MEN AT TRAINING CAMP
